## CHAUTAUQUA BEGINS WITH PROGRAM OF MUCH MERIT TODAY

Enough Season Tickets Are Sold to Assure the Maysville 1910 Chautauqua a Financial Success—Monday's Program Is Unusually Good.

Maysville's 1910 Chautauqua opened Monday morning at 9 o'clock with the first gathering of the Junior Chautauquans. There were about 300 season tickets sold to Juniors and many of these met the Junior leader at the first meeting Monday. This meeting was simply a get-together and know-each-other meeting and the youngsters were more than pleased with their leader.

At the last moment a change was made in the Junior leader and the Superintendent for the Maysville meeting. Miss Helen Welch, of East Liverpool, Ohio, is the leader for the children. Miss Welch is an experienced Kindergarten teacher and is at present a student in Oberlin Conservatory of Music. The youngsters of Maysville and vicinity are indeed fortunate in getting her as their leader here.

Mr. H. B. Alberty, Superintendent of the City Schools of Berea, Ohio, has been sent to us as Superintendent. Mr. Alberty comes here direct from Akron, Ohio where he has just closed a most successful chautauqua season. He is an experienced Superintendent and a very capable and likeable gentleman.

The tent crew, as usual, is made up of high class young men. The foreman is Mr. W. F. Garges, who is a University graduate and a High School teacher, just returned from Europe where he served during the war. Monroe Zimmerman is the electrician. Mr. Zimmerman is a senior in Ohio University and Dean Snyder, a senior in the Berea, Ohio, High School, is the other member of the crew.

The actual program was started Monday afternoon with a concert by the Old Home Singers, five vocalists, who sing the good old-fashioned songs and present a very entertaining program in costumes.

At Monday evening's program the Old Home Singers will give a musical prelude and Dr. James L. Gordon, pastor of the First Congregational Church of Washington, D. C., one of the nation's greatest pulpit orators, will deliver his popular lecture, "Grace, Grit and Greenbacks."

There has been some little change in the program for Tuesday. Mrs. Pirie Beyea, famous Red Cross Nurse, who was scheduled to speak on Thursday afternoon, will speak Tuesday afternoon and Dr. Cecil Griel, who was

## LANDING FIELD WILL BE SELECTED AT GERMANTOWN

Flier Who Holds Altitude Record at Camp Knox Here Today to Make Plans For Flight Here Next Tuesday.

Lieutenant Healey, of Camp Knox Aviation Field, was here today to select the landing place for his airplane which will come here from Camp Knox on next Tuesday and will assist in a recruiting campaign to be carried on during the Germantown Fair.

The Lieutenant went to Germantown this morning where the field selected by the officers of the Fair Company was inspected by him and officially accepted as a good place to land. This aviator is one of the best known at Camp Knox. He holds the altitude record at that camp having gone 14,600 feet into the air and is considered one of the safest men at that camp.

In conversation with a Ledger man at noon today, Lieut. Healey said that he would arrive here on Tuesday, August 26 but just what time of day he would fly over Maysville he could not tell at this time, however, it will likely be before noon. The flier will follow the L. & N. railroad from Lexington to Maysville and will follow the Germantown road from this city to Germantown. He will fly over Maysville a few times before he takes for the country to give the local people an exhibition.

### FOR SALE

My home place in Maysville, Ky. Location, conveniences and surroundings cannot be beaten. The greatest bargain on the market. See me at my office on Court street.

16-1t W. W. BALL.

Miss Letitia Parry of Pittsburg, arrived Sunday for a visit with her grandfather, Mr. J. Jas. Wood and family.

scheduled to speak Tuesday, will not be heard until Thursday.

Tuesday will be bird day with the Juniors, who will meet at 9 o'clock in the morning. The musical concert Tuesday afternoon and evening will be by the Chas. Edward Clarke Co. Mr. Clarke is a noted baritone while his wife is an accomplished violinist and accompanying them is a talented pianist. The evening lecture Tuesday will be one of the big numbers of the week. Lieut. Jean A. Picard, of the Heroic French Army, will speak on the subject "The Rebuilding of France."

Those having season tickets should not miss a single number of the big program for it is every bit worth while.

# Two Fatally Injured In Accident At Dam

NED PIPER KILLED INSTANTLY AND C. V. EMMONS DIES FROM INJURIES—STANLEY MITCHELL WILL RECOVER.

The first fatal accident at Dam 33 just East of the city this year occurred at about 11:45 this morning when Ned Piper, well known Maysville man, was killed instantly and two others were injured, one, C. V. Emmons, dying at Hayswood Hospital at about 2:30 o'clock this afternoon. The third man injured, Mr. Stanley Mitchell, of the Sixth Ward, was not thought to be injured seriously and is expected to recover in a short time.

The three men were members of a gang of carpenters who were engaged on the Ohio side of the river cribbing up heavy sills for a "bear trap". In some manner, unknown at the present time, the heavy timber supports to the cribbing slipped and the heavy sills fell down upon the men. One of the timbers struck Mr. Piper in the head and crushed his head horribly killing him instantly. Emmons' also suffered a fractured skull but he was rushed to Hayswood Hospital immediately where physicians and surgeons made an attempt to save his life but he lived but a few hours after the accident.

Stanley Mitchell, who lives in the Sixth ward, the only other man in the crew of carpenters who was injured, was not so seriously wounded. A hasty examination disclosed that he was crushed only slightly about the chest and he will probably develop two or three broken ribs but aside from this his injuries are not considered serious by the physicians.

Coroner Thomas F. Higgins was called to the scene immediately following the terrible accident and he took charge of the body which was later removed to the undertaking rooms of McIlvain, Knox & Diener and prepared for burial. It will be removed to the Piper home in East Second street this evening. Coroner Higgins made efforts to learn the details of the accident while on the grounds but he found the eye witnesses to the accident so excited that he was unable to find any facts upon which he might base a verdict and he will hold a formal inquest at the Court House this evening at 8 o'clock before a jury when all of the facts in the case will be brought to light.

Members of the crew of carpenters who were working with the three men when the accident occurred could not account for the removal of the timber support unless, in some manner, one of the large jacks with which the men were hoisting the sills, slipped and allowed the whole cribbing to fall.

Edward N. Piper, better known as "Ned" Piper, was one of the best known young men in the city. He was 30 years of age and a son of Mr. James Piper. He was born and reared in Maysville and has spent the most of his life here save several years he was in the service of Uncle Sam in the U. S. Marine Corps. For several years he has been connected with the tobacco industry here. He is survived by his wife, who before her marriage was Miss Baugh, of this city, and one baby child.

This is one of the saddest deaths in Maysville in recent years and the greatly bereaved wife and father have the sympathies of the entire community.

C. Victor Emmons, the other man who died from the accident, is about 35 years of age. He is married and is survived by his wife and five small children. His home is near the Hendrickson store just below Springdale and he had been employed on the dam but for a few weeks. He was born and reared in the Springdale neighborhood and was a son of Mr. Albert Emmons, one of the well known farmers of that section of the county. His body will be removed to his home this evening.

Mitchell was not injured seriously enough to be taken to the hospital, it was thought, and he was removed to his home in the East end where late this evening no serious developments had been discovered and it is thought he will be himself again in a short time.

Officials of the Bates-Rogers Construction Company, the contractors at Dam 33 this afternoon said that so far they had been able to ascertain the accident was unavoidable. They had been investigating for themselves but as yet had not been able to learn how the timber support to the massive timbers in the cribbing upon which

the men were working had been removed. Whether a timber support had broken giving way the entire structure, whether a jack had slipped or whether one of the main supports had been removed by the workmen in their work, the contractors had been unable to learn this afternoon. These facts will be brought out by Coroner Higgins in his inquest this evening.

## SUNDAY SCHOOL ATTENDANCE IS VERY ENCOURAGING

County Schools Especially Show a Steady Growth That Seems Worth While.

Sunday School Attendance Secretary J. Harry Richardson makes the following report of attendance at Maysville and Mason county Sunday Schools on last Sunday.

Mayslick Baptist ..... 40  
Germantown M. E., South ..... 37  
Washington M. E., South ..... 32  
Murphysville M. E. .... 26  
Lewisburg Baptist ..... 12

The one particular bright spot in this report is the attendance at Millersburg. The church at that point seems to be enjoying quite a revival. It is worthy of comment that the Christian churches throughout the county with but one or two exceptions, have good live Sunday Schools. We would that all would send in reports; the comparisons are interesting.

Several schools are omitted in the report because the persons who usually give the reports could not be gotten over the telephone. Let us urge the superintendents to phone their attendance the first thing after they get home. Do this or appoint some one who will attend to it.

## ENTRANCE EXAMINATIONS FOR COUNTY HIGH SCHOOLS

There will be examinations in my office on Friday and Saturday of this week for those county students who desire to enter the Maysville or other county High Schools during the present season.

GEO. H. TURNIPSEED, Supt.

## FREIGHT MOVING WELL NOW

Freight on the Chesapeake & Ohio railroad is now moving along very well and the local station is caring for all freight coming to them. The congestion at the terminals is clearing up quickly and freight handling is expected to be normal before many days.

Mrs. B. E. McClure left Saturday for Johnsonville, S. C., where Mr. McClure is engaged on the tobacco market.

## CERTIFICATES REFUSED BLACK AND OTHERS

Candidates Did Not Have Expense Accounts Properly Filled—Given Another Chance by Election Board.

Frankfort, Ky., August 16.—Certificates of nomination were withheld today by the State Board of Election Commissioners from Governor James D. Black, nominated for governor in the Democratic primary; Frank E. Foster, the nominee for Superintendent of Public Instruction; Henry E. Bosworth, named for Auditor of Public Accounts, and John W. Newman, who won the nomination for Commissioner of Agriculture, because all these winners in the primary had failed to comply with the law requiring them to file a report of their election expense accounts with board.

The board, however, will meet August 28 to elect county election commissioners and will give the candidates a chance to file their expense accounts and get their certificates of nomination at that time.

Certificates of nomination were given to W. H. Shanks, nominated for Lieutenant Governor; Mat S. Cohen, named for Secretary of State; John A. Goodman, chosen for Clerk of the Court of Appeals, and Frank N. Burns, nominee for Railroad Commissioner in the First district.

## ENGINEER HERE TO FIGURE ON THE WATER WORKS

Mr. W. L. Glazier, of Newport, who was employed several weeks ago by the special Councilmatic committee appointed to look into the advisability of the city's owning its own water works, arrived here today and began his work at gathering data and figures on the Maysville Water Company's plant.

## ADVANCE MAN FOR CIRCUS IN MAYSVILLE TODAY

Mr. Herbert S. Maddy, last advance man for John Robinson's circus, which will show here on Tuesday, August 26, was in Maysville today making final arrangements for the appearance of the big show. Mr. Maddy says Robinson has a bigger and better show than ever this year.

## ENJOY FAMILY REUNION

All members of the family of Mr. and Mrs. B. P. McClanahan, of West Second street, were the guests at their home for Sunday and a family reunion was enjoyed. The day was very pleasantly spent.

## AGRICULTURE BOARD ASKS FOR FEDERAL INVESTIGATION

Mason County Board of Agriculture Instructs County Agent to Ask For Expert From Federal Grain Corporation to Fix Reasonable Price.

Following the report of County Agent George Kirk on his recent investigation into the prices prevailing here for wheat and other grain, the members of the Mason County Board of Agriculture in meeting Saturday afternoon at the Chamber of Commerce building, instructed Mr. Kirk to ask the Federal Grain Corporation to fix a reasonable price for Mason county grain.

It was pointed out that the federal price to dealers shipping to the Newport News terminal was \$2.18 per bushel f. o. b. Maysville and that the farmers were receiving only \$2 and \$2.05 per bushel from dealers here. The farmers were of the opinion that they were not receiving enough money for their wheat and they are asking that the Grain Corporation send an expert here from St. Louis to look over the situation, make a careful investigation and fix a reasonable price for the Mason county grain.

It is expected that the Federal Grain Corporation's expert will arrive in Maysville from St. Louis in the next few days and begin his investigation to determine the reasonable price to the farmers for the grain grown and threshed this year.

## SUMMONING JURORS FOR SEPTEMBER COURT TERM

Sheriff Galbraith and his deputies are today busy summoning jurors for the Grand and Petit Juries for the next term of Mason Circuit Court which will convene at the Court House on the first Monday in September. Although there are not many criminal cases to come up for trial this next term, there is quite a large civil docket.

## EXECUTIVE DRAMATICS

We have all heard of the young man who "accidentally" upset she boat in order that he might make a thrilling rescue of his fair companion and thus win her affections. Precisely that thing is being enacted now in this country. Mr. Wilson has dumped the public into a sea of high prices for the creation of which he is chiefly responsible. After permitting the people to flounder helplessly about for months while his incompetents at Washington remained at the head of affairs, and he himself was engaged in the relief of "suffering humanity everywhere," the President suddenly perceives the distress of his own countrymen and with a shout and a big splash dives out of the boat in a dramatic effort to bring them safely ashore. By his heroic exertions he hopes to turn their present belligerent attitude toward the cause of all their troubles into tears of gratitude, to be translated next year into votes for Wilson because "He lowered prices."

## LIVE STOCK PAYS

Hon. G. I. Christie, Assistant Secretary of Agriculture, writes as follows in the Weekly News Letter concerning the great value of live stock on the everyday farm:

"In the case of 42 farms surveyed in Henry county, Ind., 11 made an average labor income of \$1,423 a year. These farms kept the most live stock, averaging 62 animal units that is, 62 full-grown cattle or their equivalent in smaller animals). Sixteen farms made an average labor income of \$479. These farms kept live stock averaging 19 animal units per farm. Fifteen farms made an average labor income of but \$18. Not one of these farms kept more than 15 animal units.

"Dividing these farms into three groups according to the number of animals to an acre, the same tendency is shown. The more heavily stocked the farm, the larger the labor income.

"I have in mind a corn-belt farm, formerly managed as a straight-grain farm, that for the past five years has been operated as a hog farm. The system followed is rather unusual, in that but one litter is raised each year, the sows bred being gilts, which are fattened and sold after their pigs have been weaned. The pigs, put on full feed on self feeders, are sold when from six to seven months old. Enough hogs are bought to hog down the corn crop. The profits realized are far in advance of those realized under the system. For the past three years, respectively, the net returns from the hog enterprise alone have been \$1,259, \$1,859 and \$3,723."

## NINE LEFT MOTHERLESS

Munfordsville, Ky.—Mrs. Kate Murray Reynolds, wife of J. L. Reynolds, died after a brief illness of typhoid fever, aged about 35 years. Besides her husband, she leaves nine children, the youngest an infant of a few months. Mrs. Price Hamilton of Louisville, died at the home of her parents, Mr. and Mrs. J. Weldon, of Hardyville, of tuberculosis. Mrs. Hamilton was 26 years old and is survived by her husband and two children.

## BIG BLACKBERRY MONEY

Mt. Sterling, Ky.—One woman brought to town more than 300 buckets of berries and had realized an average of \$1 per bucket. A truck passed through here from beyond Owingsville loaded with 150 gallons of blackberries for the Winchester market. Other trucks apassed loaded for other markets.

## SAVING HABIT HITS THE NEBRASKA FARMER

Saving Society in Western State Accomplish Much Besides Teaching Thrift.

Out in Nebraska the Savings habit has hit the farmer, and the rural folks are responding to the benefits offered by the government's savings securities. Forty-six farmers in the neighborhood of Wolbach, Nebraska, have organized a War Savings Society with headquarters at the Midway School, the center of the school district in which they live. These farmers drive in to the school house to their savings society meeting every month. The forty-six members have pledged themselves to buy \$2185 in savings securities during 1919, and from present indications they will exceed that pledge.

This savings society not only devoted itself to thrift, but it organized many benefits for the Red Cross, the Y. M. C. A. and other war activities while the war was on, and it provided prize watches which were presented to each of the war service men in the district when they returned from the army.

Princeton, Ky.—An election has been called to be held in this county September 27, for the purpose of voting a bonded indebtedness of \$300,000 to be used in the construction of roads and bridges in the county.

## COUNTY FAIR PRICE COMMITTEES ARE WANTED

Kentucky Food Commission Wants Fair Price Committees in Each County—Arrests Are Made.

Louisville, August 16.—The State food commissioners appointed by Governor Black recommended regulation of packing houses and storage plants; the keeping of perishable foods in cold storage for not more than three months; the appointment of a fair price committee in every county in Kentucky to bring any evidence they may obtain of violations into federal court, and the widest publicity on price lists.

Federal procedures against persons and firms accused of having violated the food control law were instituted Friday when five men were taken into custody by agents of the Department of Justice on warrants issued by United States District Attorney Perry B. Miller.

Those taken into custody are Mr. Howell Thomas, local manager for Armour & Company; August Boldt, Louisville manager of the Booth Fisheries Company; Henry Spatz, butcher, and Guy A. and Harry B. Taylor, of the firm of Taylor Brothers, fish dealers.

Thomas, the Armour manager, was taken into custody while appearing as a speaker at a session of the Kentucky Food Commission, where he had just made an address pledging cooperation in bringing about a reduction of prices.

## GOOD CROWD OF SHOPPERS HERE ON SATURDAY

There was a good crowd of shoppers from the country in Maysville Saturday and business was good at all of the stores. All of the farmers from all sections of the county report a very serious drought and say that the corn crop is practically ruined while a good rain would make a fair tobacco crop.

## ADVERTISING VALUE BEING RECOGNIZED MORE EACH DAY

Plans Being Made For Meeting of Associated Advertising Clubs at New Orleans.

New York.—The value of advertising—its power to create sales—is being recognized by an increasing number of business men in every conceivable line of legitimate commercial activity, declared P. S. Florea, executive manager of the Associated Advertising Clubs of the World, today, in discussing the forthcoming convention of the advertising association in New Orleans, September 21 to 25.

"We could ask no better indication of this," said Mr. Florea, "than a check-up on the advertising columns of the newspapers and other publications of various cities. Old advertisers are using more space, as a rule, and new advertisers are appearing, because advertising pays them. They know better how to use advertising."

"But we have evidence that this increase of interest in the use of advertising is not confined to those cities where the matter has been checked up. We know that there is a general increase in interest for never in the history of this Association has there been such interest in an advertising convention as has been manifested in the New Orleans meeting in September."

A special train from New York City has already been assured, Mr. Florea announced, and there seems some doubt, now, that one train will carry all the New Yorkers who want to attend. Another special train will run from Texas, and another from Indiana, people of the latter State being especially interested because Indianapolis is after the 1920 convention of the association. Chicago, Cleveland, St. Louis, Boston and many other cities have indicated that they will send record breaking delegations, and a party of twenty business men has already been assured from San Francisco, despite the distance.

When surprise was expressed that men traveled so far to attend these advertising conventions, Mr. Florea said: "Why, there will be men there who will have traveled 10,000 miles to attend. We have had cable messages for hotel reservations from men as far

away as Australia. The Advertising Club of Shanghai has already made its reservation. Men will come from every section of the civilized world, because these conventions are planned for the purpose of enabling business men to make better use of their advertising space—and there is a remarkable growth in interest in advertising."

### YOU AND YOUR COUNTY PAPER

A farmer told me a story once about another farmer who went to the editor of his county paper and objected to the sort of news the paper was giving.

"What sort of news do you want?" the editor asked.

"I want to know about the county finances," said the farmer, "where our road money is being spent, what our county superintendent and board of education are doing, what is really coming into our local markets and what it is actually bringing, what farmers over the county are doing in the way of farm improvement and community betterment. These things ought to be as interesting as the society and personal notes to which you give so much space, and they are vastly more important."

And, as the story was told me, the editor impressed by the "kid" and the reasonableness of it, proceeded to give his readers such news.

Now, to my thinking, there are a whole lot of farmers who ought to be talking the same way to the editors of their county papers. What is more, they ought to be helping those editors to make their papers more vital and to get them in closer touch with the rural sections. A live county paper is one of the biggest assets a county can have. A "dead" paper, or one that is keeping alive just to save funeral expenses, is a liability rather than an asset. Some editors would make a live paper in the dearest community; some would make a dead paper in the liveliest community; but most will make just about the sort of paper that their people demand. The papers a county has are generally a fair guide to the spirit of the county itself.

It follows, then, that the man who complains about his local paper—and I have heard numbers of farmers do it—ought to help to make it better. Often a good "talking to" the editor, a presentation of the farm point of view and an insistence on the paper's getting something of that point of view into its columns, will help a lot. Always, whole-hearted co-operation

with the paper will help—subscribe to the paper, read it, pay for it, tell it the news when you have any, advertise in it when you have something to sell, express your views through it when you wish to reach your neighbors.

Few county papers are serving their farmer readers as well as they might. It seems to me. But the farmers themselves are largely responsible for this. The farmer who will grumble about the poor paper he is getting, it is safe to say, outnumbers the farmer who will really try to help his local editor make a more truly representative paper at least ten to one.

## LAZY DOLLARS!

Dollars merely safe are not performing their natural function. They are not doing the owner or the world any good. Moreover, most hiding places thought to be safe are decidedly unsafe. Not only thieves, but fire or other unforeseen happenings may rob you of your wealth.

Dollars saved are safer. And they are constantly working to earn more for you. Consider this! We pay you for saving. Your money is never out of reach. It is always ready for you and easy to get when you need it.

### DISTANCE RUNNER EMPLOYED

Jole W. Ray, the world's greatest distance runner, became a member of the experimental department of the B. F. Goodrich Rubber Company, on August 11. Ray holds six world's records in events from 1000 yards to three miles.

Ray was attracted to Akron and Goodrich through their leadership in industrial athletics. Better facilities and more encouragement for the athlete, whether his specialty is baseball, horseshoe pitching, soccer swimming or trap shooting, are presently offered in Akron than in any other industrial city in the United States.

Aside from being the greatest human running machine the diminutive Jole is an expert mechanic. To watch Ray at work one would think he had little or no time for racing, so complete is his concentration and absorption in the task before him.

Ray will continue to defend his title of "best in the long runs" in the big national track and field meets and it is expected that he will shatter some of his own records.

### A GOOD CATCH

Recently we mentioned where Mrs. J. W. Bradner and son, George, had caught a nice pike near their home to Tannery and the Professor being away holding Teachers Institute they were compelled to give up the fish to their neighbors as they had no way to keep any of it for him. So when he returned and was informed of what had taken place during his absence, he just made up his mind to catch himself a fish which he did when he landed a 20-pound pike one day last week.

You can imagine the staid Professor's actions when he hooked his game. It required all his attention and when landed measured 42 inches in length. It will be impossible to talk of school matters with the Professor for some time, as every conversation started gets fishy before proceeding very far.—Vanceburg Sun.

### MERRICK SURRENDERS

Princeton, Ky.—Arthur Merrick, who was indicted at the last session of the Lyon county grand jury on the charge of murder in connection with the death of Miss Lula Carnahan last January, has surrendered to the county authorities at Eddyville. It is stated here. The lifeless body of Miss Carnahan was found one night last January in an unoccupied house near Lasmasco, Lyon county, by Alonzo Gray following the story by Merrick of how some unknown assailant had fired upon the couple while they were in the house.

## MRS. LEWIS OF BROOKLYN

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"For one year I was miserable from a displacement, which caused a general run-down condition with headaches and pains in my side. My sister induced me to try Lydia E. Pinkham's Vegetable Compound. I found it helped me very much and such a splendid tonic that I am recommending it to any woman who has similar troubles."

Mrs. ELSIE G. LEWIS, 30 Vernon Ave., Brooklyn, N. Y. Such conditions as Mrs. Lewis suffered from may be caused by a fall or a general weakened run-down condition of the system, and the most successful remedy to restore strength to muscles and tissue and bring about a normal and healthy condition—has proved to be this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound.

### POULTRY EXHIBIT

#### AT EWING FAIR

The Poultry Association has made arrangements for a car which will leave the L. & N. Wednesday morning early for the accommodation of those wishing to exhibit poultry at the Ewing Fair. This service is free, providing each bird has a numbered leg band, and the class in which entries are to be made is specified. The return trip may be made by train or truck, but if by truck the owner of the birds will be required to pay charges for return. Chickens may be brought to the L. & N. station Wednesday morning, provided they are in the car by 8:30. No chickens will be received after that time. Call County Agent Kirk for any information desired.

### ANOTHER ASKS DIVORCE

Daniel Hook filed suit in the Mason Circuit Court Saturday asking a divorce from his wife, Agnes Hook. The husband says that the wife is guilty of such lewd and lascivious conduct as to prove her to be unchaste and he asks for a divorce and the care and custody of their five children.

## POSTAGE RATES ARE REDUCED ON GOV- ERNMENT FOOD

First Zone Parcel Post Rates Are Now Being Charged Instead of Third as at First Announced—Maysville's Apportionment Is Announced.

Postmaster M. F. Kehoe and his assistants became food dealers on a rather large scale today and it now appears that before the three days set apart for the sale of this food stuff, left on the government's hands, is passed all of the food allotted to the Maysville Post Office will have been sold.

One clerk was assigned by Postmaster Kehoe this morning to the work of handling this sale of food stuffs and he has been kept pretty busy taking orders, answering questions and explaining the government's proposition to many investigators.

It was first announced that the food being shipped from Chicago would carry third zone parcel post rates and in some cases this would make the food practically as high as is being charged by local dealers but it was later learned that only first zone rates would be charged for postage and this reduced the cost of the food considerably.

The actual cost of the government food to the consumer including postage and the apportionment of each article for the Maysville Post Office follows:

Bacon, 6-12 lb. cans to case \$26.01—101 cases.  
Corned Beef, 48 No. 1 cans to case \$14.64—32 cases.  
Corned Beef, 24 No. 2 cans to case \$13.92—79 cases.  
Roast Beef, 48 No. 1 cabs to case—\$14.11—25 cases.  
Roast Beef, 24 No. 2 cans to case \$15.88—57 cases.  
Roast Beef, 12 6 lb. cans to case \$23.73—10 cases.

Corned Beef Hash, 48 1 lb. cans to case \$11.23—19 cases.  
Corned Beef Hash, 24 2 lb. cans to case \$9.66—38 cases.  
Baked Beans, 48 No. 1 cans to case \$2.59—22 cases.  
Baked Beans, 24 No. 3 cans to case \$2.91—73 cases.

Stringless Beans, 24 No. 2 cans to case \$2.71—10 cases.  
Dried Beans, 100 lb. bags, \$7.59—17 bags.  
Sweet Corn, 24 No. 2 cans to case \$5.72—94 cases.  
Flour, 100 lb. bags \$7.10—1152 bags.  
Pepper, Black, 48 1/4 lb. cans to case \$4.62—22 cases.

Green Peas, 24 No. 2 cans to case \$2.77—118 cases.  
Rice, 100 lb. bags \$7.84—2 bags.  
Vegetable Soup, 48 No. 1 cans to case \$4.30—8 cases.  
Tomatoes, 12 No. 10 cans to case \$5.05—13 cases.

These prices mean total cost of the food delivered to your door either by city or rural route carrier and the rule of "first come, first served" will prevail. Orders will only be taken Monday, Tuesday and Wednesday so if you want to take advantage of this saving you had better act quickly as when this city's allotment is sold the post office must strike that article from their list. Food is sold only to consumers and only in case lots.

### PARK CONCERT ENJOYED

The concert by the Maysville Boys' Band at Beechwood Park Sunday afternoon attracted quite a crowd to the beautiful little park and the music was good. These Sunday afternoon concerts are proving very popular with most people and no doubt before the close of the summer season the park will be filled each afternoon.

### ARE YOU A PERFECT 36?

Mabel Normand wants to know how many women in Maysville belong to the Perfect 36 class. Ladies take your measurements now and if you are in this class, kindly report it to the Pastime and you will be admitted free next Wednesday to the Pastime to see Mabel Normand in "A Perfect 36."

### GOOD CROWD AT UNION SERVICES SUNDAY

There was a very good audience at the Christian Church Sunday evening at the union services to hear Rev. W. S. Peters, pastor of the Third Street M. E. Church, who delivered a very strong sermon which was greatly enjoyed by his audience.

### REV. PETERS ASKED TO RETURN

At the Fourth Quarterly Conference of the Third Street M. E. Church held Saturday evening a unanimous call was given for the return of their pastor, Rev. W. S. Peters for another year, and District Superintendent was urged to use his good offices to secure his appointment to this church.

Mrs. Julia Peers and daughters, of Fourth street, have returned after a very pleasant visit with relatives at Ashland.

### POPULAR MINISTER'S WIFE DIED SATURDAY

Word was received here Sunday of the death from heart trouble at Covington Saturday evening of Mrs. Ethel Overley, wife of Rev. E. R. Overley, former popular pastor of the Third Street M. E. Church. Before her marriage Mrs. Overley was Miss Ethel Galbraith, daughter of Mr. Andrew Galbraith, of Germantown.

Besides her husband, she is survived by three small children, her father, two sisters, Miss Anna Galbraith, of Dayton, Ohio, and Mrs. William Kurtz, of Bracken county and four brothers, Messrs. Freeman, Evan, Harold and Jett Galbraith.

Funeral arrangements have not been announced but it is more than likely that the body will be brought here for burial at Germantown.

### FLAHERTY HERD O. K.

Mr. M. J. Flaherty has his herd of 44 pure bred Angus cattle tested for tuberculosis last week, and is to be congratulated on the fine showing, not a single animal being condemned. Public opinion will one of these days compel everyone to test, and eradicate this menace to the health of the children, as well as to any animal, which eats or drinks the milk of untested cows. Over 66,000 head of hogs were condemned and made into soap grease last year on account of tuberculosis. Hogs following dairy cows are taking an awful chance unless the cows have been tested.

### FOR QUICK SALE

Having decided to quit business we will sell our stock of groceries beginning Tuesday, August 19, at cost FOR CASH ONLY. We will also sell a number of good store fixtures. 1 good horse, wagon and harness.

15-16 THE MODERN LAUNDRY CO.

Mr. and Mrs. George B. Clephane and daughter, Marion, Miss Agnes McAuliffe and Mrs. William Kinsler have returned from a two weeks' trip to Cedar Point, Ohio, and Niagara Falls.

Dr. John Barbour, pastor of the First Presbyterian Church, preached at the Ebenezer Presbyterian church in Lewis county Sunday. There were no preaching services in the local Presbyterian church.

Attorney A. D. Cole went to Brooksville this morning to attend a special term of the Bracken Circuit Court when several important cases in which he is interested, will be tried.

Mr. W. S. Watson of Wichita Falls, Texas, who has been visiting his mother, Mrs. John Watson, left Sunday for Frankfort to visit relatives.

### INTERESTING MEETING IS HELD AT DOVER SATURDAY

County Agent George Kirk addressed a very enthusiastic gathering at the Town Hall in Dover Saturday evening on organizing a community club in that section of the county. Probably 75 persons were present and all displayed interest in the organization of such a club. There will be another meeting on next Wednesday evening when the organization will be perfected and work will be started.

### SPECIAL TERM OF BRACKEN CIRCUIT COURT IS BEGUN

Circuit Judge C. D. Newell and District Prosecutor B. S. Grannis went to Brooksville this morning where they opened a special term of the Bracken Circuit Court. Because of health conditions the last regular term of the Bracken Circuit Court was cut short and there are several important cases to come up for trial during this special term.

### RUSH ON CHAUTAUQUA TICKETS

There has been quite a rush on Chautauqua tickets today. The committee had several to sell before the Chautauqua formally was opened this afternoon but the demand was great and they had little trouble disposing of the tickets they had on hand. Indications now are that the chautauqua will be a financial success from the start.

### BIG SOCIAL AT MINERVA

A big watermelon social and general good time was given at the Minerva High School Saturday evening by the Minerva Community Club for the purpose of raising enough money to pay for the wiring of the school building for electricity. The social was a success in every respect and a good sum of money was realized.
